EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or reasonably suggest all the limitations recited in the amended base claims 1 and 8. Specifically, the prior art of record fails to disclose a method of aligning and an apparatus of a fiberoptic wavelength combiner comprising two input optical fibers secured to a first surface of a collimating lens, with a first input optical fiber conducting light of wavelength λ_1 and a second input optical fiber conducting light of wavelength λ_2 , wherein λ_1 is different than λ_2 and an output optical fiber secured to the first surface of the collimating lens, wherein the output optical fiber is single mode for longer of the two wavelengths λ_1 and λ_2 and is multimode for the shorter of the two wavelengths in combination with the other limitations of claim 1 and claim 12.

Claims 2-4 and 6 are allowed because they depend on the allowed claim 1.

- Claims 9-11 and 13 are also allowed because they depend on the allowed claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
